

Dr. Bill Baloukas

Polytechnique Montreal, Canada

Dr. Bill Baloukas received the PhD degree in engineering physics from Polytechnique Montreal, Montreal, QC, Canada, in 2012, where he is currently working as a research fellow. His current research within the Functional Coatings and Surface Engineering Laboratory (FCSEL) focuses on passive and active optical nanostructured materials for low emissivity coatings, smart windows and coatings systems. He is the author or co-author of more than 40 articles and conference proceedings, two book chapters, as well as the inventor of multiple optical devices for anticounterfeiting, window and ophthalmic applications (7 patents).
