

**Prof. Se-Hun Kwon**

School of Materials Science and Engineering,  
Pusan National University, Korea

---

**Prof. Se Hun Kwon** received his B.S, M.S., Ph. D, and postdoctoral associate in Materials Science and Engineering at Korea Advanced Institute of Science and Technology (KAIST). In 2009, he joined the faculty of Pusan National University (PNU). His research group, “Surface Materials Lab”, is focusing on the design and synthesis of multifunctional thin films using atomic layer deposition (ALD) techniques and on the fabrication of nanostructures for semiconductors, electrochemical devices, and nanodevices by utilizing a hybrid bottom-up and top-down fabrication approaches.
